SAVE THESE INSTRUCTIONS!

Install the Fixture

- 1** If necessary, screw the shorter end of the threaded nipple tightly onto the mounting plate and the screw collar onto the threaded nipple.
- 2** Secure the mounting plate to the junction box.
- 3** Determine the wanted height of the fixture and remove a portion of the chain by opening a link with pliers.
- 4** Open the chain link with pliers and install the chain on the fixture loop, then re-close the chain link.
- 5** Unscrew the collar nut from the screw collar, install the collar nut and the canopy onto the chain (in that order).
- 6** Open a link on the other end of the chain with pliers and install the chain onto the screw collar to secure the fixture, re-close the link.
- 7** Weave the cord through the chain, canopy, collar nut, screw collar, threaded nipple, and out of the junction box. Trim the cord leaving enough to make electrical connections.
- 8** Screw the chain onto the fixture.
- 9** Connect the fixture to a suitable ground in accordance to local electrical codes.
- 10** Connect the white fixture wire (square and/or rigid) to the neutral power line wire with a wire nut.
- 11** Connect the black fixture wire (round and/or smooth) to the hot power line wire with a wire nut.
- 12** Neatly place all the wires into the junction box, place the canopy onto the ceiling, and secure it in place by screwing the collar nut tightly onto the screw collar.
- 13** Screw the lamp into the socket. Refer to the label on the socket for Max Wattage Information.
- 14** Place the shade into the fixture and secure with the thumb screws.
